## Song for Mary (make my heart a city)

S Counsel 2005 (BMI)

E/C/A/B/CD

E                    C                    A                    B  
Yes I might get distracted I might be full of pain

E                    C                    A                    B  
But there's a star above me that's calling out your name

C                    G                    D  
Make my heart a city just Bethlehem

E                    C                    A                    B  
My life might seem too busy to even let you in

E                    C                    A                    B  
But your birth is within me I hear that small voice whispering

C                    G                    D  
Make my heart a city just like Bethlehem

Em            G            D            Em            G            D  
Ready to receive my King Joining with the Angels I sing

Am G D    Am G D  
Hallelujah Hallelujah

E                    C                    A                    B  
If I stumble in the darkness I know your light is the life of men

E                    C                    A                    B  
I am humbled that you choose me receive my praise offering

C                    G                    D  
Make my heart a city just like Bethlehem

Am G D    Am G D  
Hallelujah Hallelujah
